

Abstract

The school head and his team worked rigorously for infrastructural transformation of school building. The teachers also took interest in imparting both academics and fine arts to students. The school initiated Mothers Parents Meet, Lek Shikva Abhiyan to develop intimate relationship between students and parents. The team also sensitized parents for girl's education. The school conducts regular alumni meet which inspires students and parents to work hard for a better future. The school head aims to bring positive energy in school's work culture.

Socio-Cultural Context of the School

Advanced Maharashtra! My Maharashtra!! Jai Maharashtra!!!

Writing about a school of delusional teaching, the long and the longstanding period can never be closed in a few words.

Ideal Primary Private School, formerly under Puntamba village and under the management of Changdev Sugar Mills of the same village, which is a spiritual background 20 km away from Shirdi. Since 1942, there were well-known schools in the state as a well-trained, highly disciplined and highly educated school as compared to the leading Nutan Marathi School in Maharashtra, Pune.

The factory was closed down and the population was reduced automatically. Only after the local class and the laborers, the school went on lease to the Zilla Parishad administration. Gradually, the number of teachers decreased. Since the financial closure of the sale was closed and the building was leased, the building was deteriorated.

In the year 2012, I got the fate of going to school with such a great tradition. I asked Rahul Limkar, an education teacher, who asked why he chose a closed school? Many people asked this question. In such a situation, a teacher who was charged with a principal was transferred and the school's axle reached the shoulders without having any experience with the administration.

A big building of 10 rooms, one foot, 1st 80% of the families of the Below Poverty Line families and we both came to the great experts in the city and told us that at our time the school was huge, there was no place to sit, and there was no number to sit in the school. In Navodaya and other arts schools, there was a number in the district. We only used to listen to both young people. That is why Mr. The friend of Sandeep Gund (Pashteepada School) was introduced through whatsapp. What is the digital revolution? It is understood from their work and got a direction to do something.

[DRAFT]

After Progress

Efforts Initiated or the Process of Transformation

I and Rahul decided to do the same by revolutionizing me. Rahul had to go to training while walking in a jute laden sword. Even from 7 to 10 am in the morning, we would like to take a look at the parents and explain them. Still, the history of the school is what people say, what is the point of the middle school, we want to pray and say that the quality of your children will be written on a stamp paper. But parents do not want to listen.

Without the physical facility and people were changing schools, there was no substitute. Thereafter, the then Teaching Officer of the Taluka of Taluka, Shri Umesh Dongre visited the school, and the inspiration given by us was priceless. We decided to call back again! And we started working. By requesting the local alumni, the school started getting the contact numbers of ex-students, who were made up of high school students. First of all, they met local students of the area.

In the contact number of the students of the country and abroad, Mr. Muralidhar Desale (Municipal council, Shirdi) helped the people and people's participation started from the Shirdi and on 24/07/2015, the students created the alumni whatsapp group. We both visited the Saisdhana Trust in Shirdi and offered the proposal to Mukesh Deore and saw the computer system. After that, a **Saiboli e-learning digital computer room** was started from the local people and people's public participation and invited Mr. Umesh Dongre to inaugurate the program. This is an inspiration for how a person's visit can be inspirational, everyone has the experience and has been inspired to work faster.

Seeing the progress of the school going on Whatsapp, alumni's feet started walking towards school automatically, started taking a sabbatical and contributing to material amenities. There was a question of lakhs of paintings of the big building that the budget started by the beginning of the management of the school started making such a budget that could not be actually done. Alumni started to cooperate. Shiva

[DRAFT]

Artist with the best art in the area was realizing the concept and people's participation began to grow. The work of religious artists and artists began to be involved; the actual school took help from someone without any help in the form of crystallization and articulation. In this, Mr. Behani (Danshur Mumbai), Mr. Padalkar Brother, Mr. Girish Gadhe, Mr. B. S. Patil (Manager), Mr. Suresh Gorhe, Mr. Shukleshwar Petkar, Mr. Anil Nale, Mr. Raghunath Sambare, Mr. Rajendra Shinde Shri Bhausaheb Kere has transformed the form of school by providing a solid form of help. As a result of the ISO environment, the team of the school's student, Mr. Vilas Shinde (ISO leader Nashik) examined the school's reputation by giving the school's ISO 9001-2015 rating to the school and increasing the name of the school. In addition to Shri Prabhakar Kakade, Mr. Sandeep Gunjal, he started doing excellent work to the charitable school like this and started wearing uniforms from the uniforms of the uniform. The honor of the Back of Maharashtra was celebrated with children's children in the school. In memory of Adarsha M. Pr. Kulkarni Guruji Shri. Mukund Kulkarni helped every year to get the required material for the school and the school work is paperless. A. began.

Visible Results of Transformation

While creating physical facilities, we were both working, coloring, but what about quality? Such questions were asked? In the year 2015, the teacher was recruited but our teacher was not received. Additional teachers attended the neighboring school. Shrim, Mina Shivgunde (BEO), Extra Officer, Shri D.D. Wakchaure and DK Raut saw our struggle and gave a scholar teacher to the school. Mrs. Swati Goundaje appeared in our school and was introduced to the school's work. Center Chief Mr. Lover K.S. From the beginning, we were guided by the kindness of the teachers.

The teachers, who had great interest in dance, drama and art, began to teach their children and started developing the 1, 2 Reclamation class and forming a variety of initiatives. In the first one, there is a school with 7 to 8 times in 1 league, Get started Also, the students of Nilanjan Santosh Bodkhe of the 1st and 2nd childhood competition (2017) 1st in Taluka, received a prize for excitement. What about quality? The question was automatically answered. The renowned Dr. Prashant Karnik, the Pune-based student of the school's cultural hall and Mr. Bhaskar Harare Sir (Thane), gave an illustrated painting of theater and stayed with the tireless work of this teacher. The school started a new beginning with the annual felicitation in Taluka, and every year, this year's annual festivity will bring about the artwork of child artist. The people started to grow and people's participation grew. The Former students and annual felicitations were organized in the school on March 05, 2018. All the super high school students received immense presence. Similarly, 3 to 4 thousand devotees of all villages got the honor of this year's annual felicitation. In this, the school's alumni and famous singer Mr. Abhay Gokhale He conquered the minds of the attendees with his beautiful voice. Similarly, Sonal Patil Tai, who used to use Savitrimai singularly at the state, performed Savitrimai's work experiment. Also by Shiva Gaikwad (Rangolika). Z P. Adhiksha Sau. Shalinital Vikhepatil Successful women were honored by creating a Rangoli image. In the past, AkashGonde, who defeated the disabled and reached the final round of Dance Dance in Maharashtra Dance, presented his art, created a confidence among the students and the youth. Specially, the schoolteacher and choreographer, Mrs. Swati Goundaje, presented the classical music School chale hum of 127 students of the school, in front of the confidence group of the students of the Marathi School. The dignitaries presenting the program were presented without acceptance. There was also the program's spending on the food and other expenses. Sudhir Takasale, a former US student, sent 10 thousand aids. Also accepting the full responsibility of the program, the remaining Rs 77,229. As the headmaster, I took my own loan and gave the children of village a golden opportunity to bring their points before the society.

This teacher has sensitized women for girls' education by increasing the involvement of women in various programs in the school by creating intimate relationships with Mother Parents Meet, Lek Shikva Abhiyan and all parents. By mobilizing 2/3 women, they got together and started to collect material like a kothi to collect food from the school.

In the year 2017, Mr. Govind Jadhav appeared in the school with inter-district change. The teacher, who has a melodramatic background, prepared the school children's singing and play, in the same year Taluka level different competition bagged the first and second prize in 5 of the total 17 contestants. Nilanjan Bodkhe, son of teacher and son of the teacher of the 1st grade. Shree, Rahul Limkar, under the guidance of science teacher, has earned the honor of getting special proficiency in Taluka-level mathematical science

exhibition (Solar-sharpner) with his own creativity. Shri Govind Jadhav's, Giving success to the various competition schools.

Alumni such as Shri Ganesh Vaidya (Nashik) and Kishore Chautmal (Mumbai) gave the entire sound system , to give all the literature of the school in the school. The students of Shukleshwar Petkar, Prabhakar Kakde, Dinesh Gorhe, Padalkar Brothers, Girish Gadhe (ex) Student), Shri Narayana Bihani (Daneshur Mumbai), Shri B. S. Pattil etc. changed the look of the school.

From the new education school song, which will be the inspiration for the state, will be the first to be included in the inspirational taluka of the Higher Education Maharashtra. As well as, under the Lek Shikva Abhiyan by the school, the inspiration for Jijau. Savitri inspired local S9 news channel and created a bigger ideal for society.

Also, the former teacher Mr. Balasaheb Dokhe, Mr.Dilip Vishwasrao, and Mrs. Miratai Kulkarni have got guidance from the school. The then Z.P. member. Vaijayantitai Dhanwate gave inspiration to the school's progress by attending every program of the school. During the time of Chairman and Vice President of Mr. Rajendra Shinde, Mr. Pankaj Nale, Mr. M. Pandit Sambare and all the members of the existing School Management Committee made the school an incredible achievement. Increasing the school board, the school got more than 10 lakhs. People participate in the school. The highly educated school management committee is the child of the school's success. The Central School Management Committee has shown in the field of training the school management committee in front of the "one model" school committee. Every year, various center-level competitions are held in the school and all facilities are maintained with the banquet.

Further Areas for Change/ Transformation

To bring changes to the school representatives with positive energy for the development of the Zilla Parishad School this is working in the rural areas, in the villages, for the development of the school, and for the development of the villages.

Since I am from a poor farming family, it is necessary to create a child's interest in solving family problems, education, and self-education by doing self-education. It is a strong desire to work in the educational field by contributing to the overall development of education.

Our school is an example of how a school's revolution can take place in collaboration with the School Management Committee, parents, alumni and teachers.

I would like to work as a friend of the all-round school principal through experience. Paperless work given administrative experience to me. Of course, students' activities in low budget and all the schools in the villages will be involved in the development of government schools. I would like to play the role as Friend of School leaders in Maharashtra.

School Leader and Transformation

Chief Executive Officer, Mr. Vishwajeet Mane, Education Officer Mr. Ramakant Kathmore, Group Development Officer Mr. Samarth Shewale and Block Education Officer Mr. Mina Shivgunde. On 24/11/2017, in an advanced academic Maharashtra review meeting, M. Shri Nandkumar Saheb (Principal Secretary), Prof. Shri Sunil Mugar (Director, Vidyapradhikarayan, Pune), Hon'ble Mr. Sunil Chauhan (Education Director, Primary), Inspiration of Advanced Education, Maharashtra. The school got a new motivation once again, in the presence of these dignitaries, due to the participation of the people from the public interest to the school. Presentation of the ideal school history was renewed.

The school has a U-Tube channel, and all the videos of the video are uploaded on it. With the precious support of Mr. Bhushan Kulkarni Sir (shevgaon) and Guardian Mr. Vinayak Gorhe, the school of Digital Education reached school digitally.

In June 2018, the projected teacher of the district, Shri. Lakshmikantldalwar, took the school from interest, and received another school for innovation.

In addition, in June 2018, the school's student was 151. In the same year I can never forget the honor and dignity of the villagers in my lifetime. I have achieved a great deal of work and the highest quality of experience will remain permanently.

During the academic year 2018/19, the state level teachers' award was also given the opportunity to present the school. However, due to the Sir Foundation, the work was done at the state level and the selection of the project was chosen transparently.

When I was not the headmaster, I had the opportunity to honor the position of headmaster, it is priceless, and I got the chance to provide high quality free education to the students of BPL, that opportunity made gold.
