**Success Story of
Government High School Hosur Guddekeri
Guddekeri post, Thirthahalli Taluk,
Shivamogga District , Karnataka Pin:577411**

How we started our journey:

ಶ್ರೀಮತಿ ಕಾಡಮ್ಮ ಹೆಗ್ಗಡತಿ..

In the Shimoga district's, Thirthahalli Taluk, Agumbe Hobli there is a small village called Hosur Guddekeri. Some ingenious people in this village have expressed interest in educating rural residents in order to empower them. Thus, in 1963, they joined forces to establish this government institution at Hosur Guddekeri.

Guddekeri landlady Smt. Kaadamma Hegadati assumed accountability and expressed desire in establishing the government school in Hosur village. In order to establish a coeducational government school in this village and promote education for girls, she is joined by a few other like-minded individuals who are lending a helping hand as well as encouraging education.

Since 1965, the institution has seen extensive development. The school has accomplished outstanding achievements in all areas of education, including extracurricular activities, sports, culture, and academics.

SCHOOL STAFF AND TEACHERS:

A school teacher is a professional who is responsible for imparting knowledge and skills to students. A **qualified** teacher has the necessary academic qualifications and certifications to teach in a particular subject area. A **talented** teacher has the ability to inspire and motivate students to learn and achieve their goals. A **resourceful** teacher is able to use a variety of teaching methods and materials to engage students and make learning fun. A **prominent** teacher is well-known and respected in the community for their contributions to education. A teacher who is **good at child care** is able to create a safe and nurturing environment for students to learn and grow. A teacher who is **holding in subjects** has a deep understanding of the subject matter and is able to explain complex concepts in a clear and concise manner. In our school we have teacher are **well qualified, talented, resourceful, prominent, good at child care, and holding in subjects** is an invaluable asset to our educational institution.

Our mission is to provide the people who live around our the village access to an excellent educational experience. To ensure that students are prepared for the future, we regularly update our infrastructure and volume of knowledge. Our pupils need to be competent for every circumstance when they depart from our institution.

We prepare our pupils for competitive exams, extracurricular pursuits, athletics, education, and other areas of life.

School Building:

Six classrooms, a well-equipped science lab, a library, a computer room, a seminar hall, an indoor stadium, a gymnastics field and an adequate play area for other sports are all features of our school. We possess ten acres in total, but the tax agency has not yet placed the land in our name.

Academic achievements:

Our institution consistently achieves good scores in Karnataka government SSLC board Exam. In order to motivate the student to perform well academically on-board examinations, we pay extra interest. In order to prevent students from getting distracted during exams and to help SSLC students get a good score so they can enrol in the course of their choice, we have done special classes, home visits, student caretaker

projects, and even night classes with the help of parents, the local government, and teachers. Through all of these channels, our school has achieved a perfect score on board exams for a number of years.

Several of our students have achieved scores of 600 or more in the last five years, including Mr. Sriram Bhat, who achieved extraordinary success by becoming the Kannada medium district's top scorer in the last SSLC examination with a score of 614 out of 625. Many of our students receive perfect scores each year in subjects like social science, Hindi, and Kannada (which is their first language).

Sports achievement.

In the field of sports, our institution has accomplished some of its biggest and most significant successes. For a number of sports, we are the undefeated taluk and district champions.

Our physical education teacher, enthusiastic parents and young athletes in our community focus more on sports so that our schoolchildren can learn several fitness mantras from professional athletes in the field, enabling them to excel in every element of the game.

Additionally, we offer specialised instruction from state-level coaches who addressed us on behalf of the kids, offering their advice and fresh methods for enhancing their performance. Our pupils stay in good physical and mental health and are fit for the full school year thanks to their insightful guidance and coaching.

Every year in our location, sports are played during the rainy days, which puts the players in a lot of challenging conditions. Our pupils receive training to deal with situations like these especially from the coaches. Our morning practice session from 7 a.m. to 9.30 a.m. And our evening sessions are from 4.30 p.m. to 6 p.m. Other subject teachers at our school, in addition to the special coaches, also give their time to sports so that we can set new records year after year.

All of this culminates in the biggest sporting accomplishment of the last ten years. In field, where we compete against about Fourty other schools, we are the undefeated champions of our taluk. We also maintain our undefeated record in athletics and team activities like volley ball and kho-kho. Numerous district and state-level sporting events were attended by our pupils.

Achievements in Co-curricular activities:

At our institution of higher learning, co-curricular activity accomplishments are equally noteworthy. We took first place in numerous sketching, singing, essay writing, and other district and state events.

We are the state winners of the Election Literacy Club competition from the previous year, which took place in Bangalore and was broadcast on the Regional Door Darshan channel (DD Chandana). N.Somashker is a well-known quiz master in Karnataka. His quiz show, "tat antha Heli" (Say it Quick), is immensely well-liked throughout the state. Shriram Bhat and Abhigna, two of our proud students, took home the state championship, adding yet another diamond to our school's crown. After they received recognition by our honourable governor of Karnataka, the diamond became Kohinoor.

Govt High School Hosur Guddekeri.

We also conquered in a number of phase-specific quiz contests. By winning every quiz competition organised at the district level this year we created history. In addition to these, we also did well in the drawing and essay contests.

Role of School development and Monitoring Committie, parents, public and villagers:

Our SDMC members comes to our school on a regular basis to monitor everything that goes on inside. They provide excellent suggestions, provide excellent guidance, and consistently cheer on the best initiatives carried out by our students both inside and outside of the classroom.

We hold SDMC meetings every two months to talk about the physical structure advancements of the school, the essential needs of the school, SSLC, and the learning status of the 8th and 9th grade students. We must determine the solution in the SDMC meeting if there is an issue in any area of the work.

Our SDMC team provides us with complete assistance if we offer coaching programmes for SSLC students at night. If you teach sports coaching classes, SDMC keeps an eye on everything and offers financial help. Our best work in the school is produced by strong morale and excellent strength

Parents in school Development.

The school and instructors provide our esteemed parents with excellent support. Since they produce the greatest work here, we arrange meetings once a two month for the eighth and ninth standard students and a monthly parent-student conference for SSLC students. We are currently talking about holding a parent-teacher conference to address the learning progress, behaviour, discipline, and how to keep an eye on each child's behaviour and learning activities. We are also talking about how we would create a creative strategy for the students' academic goals. We have different type of parents by socially economically reasonably but they supported well guide well and participated well

NGOs in school development ..

Thankfully, our school enjoys excellent working relationships with some of the top non-profits (NGOs) in our state. Our school has received free notebooks, free learning materials, and free seating arrangements from them. a large number of NGOs and benefactors. Join with us and providing us with projectors, sports materials, clean drinking water facilities, also helped in renovating class rooms and school buildings.

A Mysuru-based entrepreneur named Mr. Sampath Kumar gave an indoor stadium with a cost of over 25 lakhs. It is utilised wisely throughout the wet season. Our folks use the indoor stadium for sporting events. To improve and accomplish more sports achievements.

Government sector support ..

Our government school has received quotas from members of the legislative assembly, the Taluk panchayat, the Jila panchayat, the local government grama panchayat, and the education department. In particular, we have been awarded a grant of 80 lakh by different government departments.

Quess-corp foundation Bangalore,

One of the NGOs, Cwf Bangalore, arrived between 2014 and 15

They began the development work in our school in various aspects. As a result, they began to ascertain the needs of the school in all areas and collaborated with parents, the SDMC, and the Headmaster School team to create an action plan. Following the plan's overhaul, a plethora of amenities were provided, including remodelled restrooms, painted the school building, created a fantastic computer lab, science lab, and well-stocked library for the pupils, and numerous personality development programmes. health camps, workshops on job counselling, spoken English instruction, and lastly, financial support for the students. Every year, the organisation offers scholarships to students up to their master's degree for those who placed first, second, or third in the SSLC results.

In addition, the Care Works Foundation has been performing magnificently in comparison to our prior school accomplishments. Every single person at Quess Corp Bangalore and we are extremely proud of them

Here by we specially thanks Sri. Kimmane Rathnakar sir Former Education minister introduced this NGO to our School .We also thank Smt Smita Madam and her Team form CWF for their contribution towards our School.

Special achievements of our School:

An ongoing initiative called Pratibha Puraskara helps gifted but underprivileged pupils in government schools called BELAKU (Light) so they won't have any trouble continuing their education after the SSLC. A significant part of the Pratibha puraskara scheme was launched in 2019–20, and ₹52,000 was granted.

A total of ₹88000 was given to 27 students in 2021.

In 2022, the sum was raised to ₹ 1,17,500, and this programme helped 30 students.

In 2023, the scholarship amount was raised even further to ₹1,26,200.

A total of 27 students received financial aid.

Antige pantige:

Along with the joy of this festival of lights, our social thought is to develop our school, to take the pride of the school to a higher level and to preserve and develop it. The commitment of this responsible society is to increase enrollment in rural government schools, build a model school and provide quality education to all classes and provide opportunity to the latent talent among the young citizens of great India. Our Government High School, Gudekeri, which is on the way to Vajra Mahotsava celebrations, is a state-level school that has made a name for itself in sports, education, co-curricular activities, innovation activities, use of technology. Four new rooms have already been constructed and two more rooms will be constructed soon and decorated in a new form. However, a portico in front of the school room is necessary to make the school environment attractive. The cooperation of senior students, school fans, parents is expected for the construction of this portico.

May our "Antige Pantige" Jyoti fill your homes and hearts with knowledge, health, wealth and prosperity, light the Jyoti with love and welcome our school students, teachers, SDMC, parents, senior students team to the school pride of Pantige Gramdevara Jyoti team. We hereby request them to write a prelude to the new chapter by making generous donations for the overall development of the school and by actively participating as school senior students, school fans and parents in our Antige Pantige team. Come and bring yours, let us all come together with an open mind for the greatest program to bow down to the temple of knowledge.
