## **Problem :**

A student named master Nayan Chakroborty got admitted in the class-VI of Subhashnagar H/S School, situated at Purba Pratapgarh under the Dukli Block of the capital city, Agartala in the academic year of 2017-18. But he used to remain absent in the school on regular basis. Whenever he would come to the school, both the teachers and the students of the institution used to get informed of his mischiefs. He would beat his friends and steal the valuables of his fellow students and also imitate the girl students. His mischiefs were brought to the knowledge of the H/M and A/H/M of the institution by the teachers and the students of the institution. After the discussion with the local teachers and the SMC members, it was found that Nayan was the adopted child of his parents who started neglecting and torturing him after the birth of their own child and wanted him to join any work for earning money leaving his studies. The H/M, Teachers and the SMC members tried to convince his parents not to do that with him but in vain. The H/M madam took the following steps finding no alternative way.

## **The plan developed by H/M**

- (i) The H/M took some decisions after talking with the teachers and SMC members that the problems of the boy should be solved with care and proper guidance.
- (ii) Teachers used to talk with the boy on different topics everyday on the regular basis and a friendly relationship was developed.
- (iii) He was given importance in each and every activities of the school.
